

**ABBOTSFORD
LONG-TERM CARE INITIATIVE**
Partners in compassionate elder care

TAKE YOUR NEXT CAREER STEP IN LONG-TERM CARE

A rewarding practice awaits

Did you know?

Abbotsford's long-term-care initiative is **one of the most successful** LTC programs in the province. It boasts a well-structured, collaborative physician network and an established support system **funded** through FPSC LTC Initiative.

As an LTC physician in Abbotsford, you can count on a highly efficient operational infrastructure designed to help you not only succeed but **thrive** in your practice.

By the numbers

11 LTC sites across Abbotsford

992 LTC beds

30+ physicians and growing

24/7 physician coverage
across all LTC sites

System built for longevity

Abbotsford's LTC program balances **resident-centred** care with **physician sustainability**. We focus on a collaborative **team-based approach**, with meaningful **mentorship** opportunities, promoting consistency of care and efficient communications across facilities.

LTC physicians benefit from working within an established **best-practice framework** aligned with the FPSC long-term-care initiative and developed in partnership with Fraser Health and LTC site leaders.

Thinking about long-term care as a practice specialty?

"You're making a difference in the last period of a person's life. You're helping families and residents come to terms with end-of-life, and what a valuable, important thing to do."

– Dr. Sarah Pawlovich, Abbotsford LTC physician

Find out why **Abbotsford**
is your best option.
